

Assembly Instructions

Please check for shipping damage immediately after unpacking. If no damage is evident proceed to steps below. If damage is present, contact the shipper immediately.

Parts Enclosed:

1. 1- Propane hose and regulator assembly
2. 8- 1/4 inch X 2 inch cap screws
3. 8- 1/4 inch flat washers
4. 8- 1/4 inch lock washers
5. 8- 1/4 inch nuts
6. 1- leg with wheel assembly
7. 1- leg with floor plugs
8. 2- 7/16 wrench's
9. 2- Handles with screws

Steps to assemble:

1. Install one handle on lid and one handle on the tank
2. Place leg with wheels into bracket on bottom of steamer opposite drain plug end while aligning holes for 1/4 X 2 inch cap screws. Install all four cap screws and tighten with wrench.
3. Place leg with floor plugs into bracket on drain plug end, install all four 1/4 X 2 inch cap screws and wrench tighten.
4. Install hose / regulator assembly onto pipe adapter and tighten with wrench (wrench not supplied).
5. Add water to steamer tank and connect hose / regulator assembly to propane tank
6. Light burner while slowly opening needle valve on hose assembly. Check for leaks at hose adapter connection and re-tighten if necessary.
